

Our Health Care System Makes Me Sicko!

Dear Senator _____ and
Representative _____,

Please support universal, single-payer health care in
Massachusetts by cosponsoring the Massachusetts Health Care
Trust legislation (S.703/H.1137).

Health care should be a right, and access to health care should
not depend on one's income, geography, gender, or other social
identification. Single-payer health care is our only solution.
